Description

Column	Description
LG03a	Generate electricity, heat or fuel from renewable sources for use within your establishment (Electric power production from wind, solar, biomass, solid waste, hydroelectric sources, etc.)
LG03b	Use technologies and practices to increase energy efficiency within your establishment (e.g. use energy efficient appliances, manufacturing equipment, lighting, energy efficient buildings, use of alternative fuel vehicles (Fuel cells/advanced batteries, hybrid vehicles, etc.)
LG03c	Use technologies or practices to reduce the withdrawals of natural resources, or eliminate the creation of waste material as a result of your operations (e.g. collecting and reusing or recycling of glass, metals, paper, rubber, textiles) and waste water; composting solid waste, remanufacturing of waste material, etc.)
LG03d	Use technologies or practices - to reduce or eliminate the creation or release of pollutants or toxic components as a result of your operations and/or - to remove pollutants and hazardous waste from environment (e.g. carbon monoxide, sulphur dioxide, nitrogen oxides, herbicides and pesticides, heavy metals, radioactive contamination, etc.).
LG03e	Use technologies or practices in your operations that ensure - protection and remediation of soil, groundwater and surface water; - reduce water or other resource consumption (including by using rain water); - protection of biodiversity and landscapes; - protection and remediation of timber resources (includes sustainable forestry practices); - protection and remediation of aquatic resources; etc.
LG03f	Use of agricultural practices that do not cause long-term damage to soil (e.g.. excessive tilling of the soil and irrigation without adequate drainage), cultivating crops, vegetables, fruits, animals without or with very limited use of chemical fertilizers and pesticides, plant growth regulators such as hormones and/or antibiotic use in livestock; genetically modified organisms; artificial insemination, etc.
LG03g	Research and development of processes to conserve energy or natural resources or to reduce pollution; - planning, implementing, and monitoring of these processes;
LG03h	Other environmentally friendly technologies and practices not mentioned previously
LG03i	
LG04	To be completed only if "yes" to at least one category of environmental processes in LG03a-LG03h.
